Frameworks/Libraries : ReactJS, Redux, React Native, Bootstrap, Tailwind CSS, Material UI, Chakra UI, Prime React

Version Control: Git, GitHub

Other Tools : Visual Studio, Postman, Netlify

Experience

Codex Solutions

December 2023 – Present

Front-End Developer , Internship

- Collaborated effectively within a team to design and develop a dynamic company landing page using **JavaScript**, **React.js**, and various **frameworks**, integrating essential **NPM packages**. Enhanced user engagement through a modern, **responsive design** approach.
- Engineered robust system functionalities and seamlessly integrated **APIs**, significantly boosting performance and elevating user experience.
- Improved application responsiveness and user experience by fine-tuning **database operations**, employing **indexing strategies** and **query optimizations** to streamline data retrieval and storage.
- Enhanced **HTML**, **CSS**, and **JavaScript** skills while developing expertise in modern **frameworks** such as **React.js** and **React Native**, and **NPM packages**. Contributed to projects requiring dynamic, responsive user interfaces

Projects

E-commerce:- [Link](#)

- Designed an e-commerce site to offer a seamless and secure shopping experience, incorporating a user-friendly interface and advanced payment options .
- Specialized in offering a diverse range of high-quality products, supported by efficient logistics and exceptional customer service, ensuring customer satisfaction from browsing to delivery

Calculator:- [Link](#)

- Developed a user-centric calculator with a sleek interface and robust functionality, suitable for educational and professional environments
- Led development of an advanced calculator project with precise computational capabilities, adept at handling complex mathematical operations with ease and accuracy .
- Tools Used: Html, css, JavaScript

Quiz App:- [Link](#)

- Created a quiz application that integrates interactive content and robust analytics, enhancing user learning experiences across all age groups .
- Designed an intuitive quiz application featuring customizable quizzes, real-time feedback, and detailed performance tracking to optimize knowledge retention and user engagement .

Education

Indira Gandhi National Open University

2022 – 2025

Bachelor of Arts

- **Relevant Coursework:** Front-End Web Development, JavaScript Frameworks and Libraries, Project-Based Learning, Additional Skills
